## The GUIDE Program

### A New Medicare Benefit for People Living With Memory Changes (and the Families Who Support Them)

The GUIDE Program (Guiding an Improved Dementia Experience) is a new Medicare initiative designed to help individuals living with memory loss stay independent, safe, and supported at home — while giving families access to extra help when they need it most.

**There is no cost to participate.**

#### What GUIDE Offers

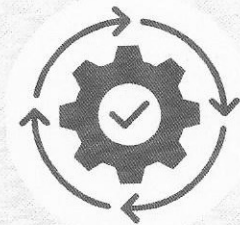

- Respite hours funded by Medicare
- A dedicated dementia care navigator to guide families & coordinate support
- Personalized care plans based on each person's needs
- Education and emotional support for family caregivers
- 24/7 access to a care team for questions or concerns
- Support during transitions such as hospital discharges or changes in health

#### Who May Qualify

You may be eligible if you:

- Have traditional Medicare (Parts A & B)
- Have a diagnosis of memory loss or dementia (any stage)
- Live at home or in a community setting

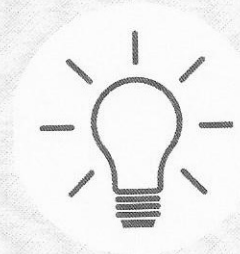

#### Want to Learn More?

Best of Care is participating in the GUIDE Program as an approved provider of in-home respite support. **We can check your eligibility in real time!**

We can help you understand:

- Whether GUIDE may be a fit for you or a loved one
- How respite hours can be used
- What support options are available for you
